To Whom It May Concern::

This letter is written to recommended Jason Kuzia.

Jason has worked on several features that I produced as an art director and in other art-department capacities. He has proven to be an efficient and reliable collaborator who brings both creative insights and awareness of budget limitations to any task. He has worked on projects with considerably different budgets and understands the limitations and the possibilities of independent feature production at various fiscal levels.

Although I have nothing in production at present, I will certainly consider Jason for any projects in development which may become funded.

Please feel free to contact me should you have any questions.

Sincerely yours,

Alain Silver
